

A VOICE OF ALL NATIONS

July 2, 2021

As I continue reflecting on the pandemic and even remembering our loved one who died of corona; Psalm 23 is the most comforting and encouraging. It tells us who God is and what he can do for us even when we are passing through the shadow of

of the valley of death God -

1. will make us lie down in green pasture.
2. He will lead us beside quiet water.
3. He will restore our soul.
4. He guides us in the path of righteousness
5. He is and will be with us to strengthen and comfort us.
6. He prepares the table Infront of our enemies.
7. He will anoint us with oil(fill us with the Holy Spirit).
8. His goodness and mercy will follow us all the days of our lives.
9. We will dwell with him forever.

We praise God for restoring Bishop Stephen Veloster(In Philippine) who suffered from Covid. His testimony is: "Do not make fun with covid. The virus is not making fun with you, the virus is serious in taking your life. Take it from me." This man of God is having a challenge of paying hospital bill and rent. Any help will be greatly appreciated.

We have celebrated the life of my step brother, Zakayo Githiga, who died at the age of 119 years and was sick only for 3days. May he soul rest in peace.
