

**A VOICE OF ALL NATIONS MARCH 2020
GOD IS IN CONTROL**

Beloved in Christ

**Grace and peace from our Lord and Savior
Jesus Christ.**

We are writing to encourage you as we face invisible enemy-corona virus which has affected the global village. While we have to take the measures recommended by the governments and health professionals, we need to know that God is still in control and has our best interest at heart. The situation rises questions: Is this the end of the world? Is this God's judgement or fulfilment of prophecy? Beside taking the measures recommend by the government What should we do?

I believe President Kenyatta got it wright. He invited religious leaders in the state House for prayer and repentance. This included Christians and Muslims. He declared that God's power and wisdom is above science. The guiding words were 2Chronicles 7:11-15. The prophecy indicates that God can bring locust and plague and when people "humble themselves and pray and seek my face and turn from their wicked way then I will hear from heaven and will forgive their sins and heal their land."

Beloved, let us replace fear with the power of the Holy Spirit and say with Paul: "For me to live is Christ and to die is gain." Memorize and own these words: "Do not be anxious about anything, but in everything by prayer and petition with thanksgiving, present your request to God. And the peace of God which transcend all understanding, will guard you hearts and mind in Christ Jesus." Philippians 4:6-7
